Examiner's Comments

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the **Claims**:

Cancel Claims 58-78.

This application is in condition for allowance except for the presence of claims 58-78 directed to an invention non-elected without traverse. Accordingly, claims 58-78 have been cancelled.

It is further noted that no rejoinder of the withdrawn method claims is warranted because the withdrawn method claims do not depend from or otherwise include all the limitations of the allowed product claims.
